This is basically an old school arcade mini-game like you would have found near the entrance of a small town Pizza Hut in the late 80s or early 90s (well, maybe one close to a church). I'd easily blow a bunch of quarters on something like this, but now it's just 99¢ or less. Don't expect an epic game that will last you hours, but it's great for a few minutes of excitement.
